Certain assets, including but not limited to, non-publicly traded securities, derivatives, partnership interests, tangible assets, and life insurance policy cash values may have been provided to us by third parties who are not independent of the issuer or manager. Such information is reflected as of the last date provided to us, may be carried at cost and is not independently verified. Life insurance values are shown at cash surrender value as most recently reported by you or the insurance company. If the value shown is \$1.00, we have not received a cash surrender value.

## Important Information

We wanted to let you know about a recent fee processing error.

Because your account is charged a minimum account administration fee, this error did not affect the actual fees charged to your account. The ending market value on your September 30 statement was correct. However, an incorrect September 30 market value was used to calculate the account administration fee in early October. Again, this incorrect market value did not affect the minimum account administration fee charged to your account.

If you have questions about this information, please contact your JPMorgan advisor. Your advisor's name and number are on the front page of the enclosed account statement.

We appreciate your business and look forward to continuing to work with you.

Dear Jeff:

I am writing to you in regards to my 2005 Financial Disclosure Statement. Particularly, I wanted to write this cover letter to my 2005 Financial Disclosure Statement to call to your attention to the Stevens Financial Money Market additional accounts. These additions were not new purchases, but rather a broker's decision to create a new account for the deposit of distributions from the original account.

If you have any questions regarding this, please feel free to contact me or my Legislative Assistant, Scott Cunningham at 5.2231.

Sincerely,

*Pete Sessions*

## Bank Deposit Program™ activity

The term **BANK DEPOSIT** typically refers to client initiated deposit of funds. The term **AUTODEPOSIT** typically refers to the "sweep" of funds into a Program Bank that results from proceeds of a transaction, a dividend from a stock or interest from a bond. Conversely, **WITHDRAWAL** is the term that refers to transactions that cause funds to be redeemed from your Program Bank, such as the payment for an investment purchase or the payment of FMA checks that you have written.

As an inactive member, your account balance and interest are available to you now. However, because you are vested to a lifetime retirement benefit, we suggest you consult with PERSI before withdrawing your funds as a Separation Benefit is paid in lieu of a retirement benefit and cancels any credited service. Your account balance and the interest you earn do not affect the amount of your retirement benefit. When you retire, you receive the retirement benefit amount calculated in the box above, not the account amount shown in this box. Generally, the total of your lifetime retirement benefit will far exceed your account balance.</p> | Account balance as of 06/30/2004 | \$ 21,284.07 | Contributions from 07/01/2004 to 06/30/05 |             | Accrued Interest 07/01/2004 to 06/30/05 | <u>\$ 1,969.73</u> | Total Account as of 06/30/05 | \$ 23,253.80   | Separation Benefit = Total Account | \$ 23,253.80 | Total Taxed Contributions | \$ 218.31 | Total Tax-Deferred Contributions     | \$ 10,346.33 | Total Interest (Tax-Deferred)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | \$ 12,689.16               | <b>DEATH BENEFIT</b> <table style="width: 100%; margin-top: 10px;"> <tr> <td style="width: 60%;">Member Contributions</td> <td style="text-align: right;">\$ 10,564.64</td> </tr> <tr> <td>Accrued Interest</td> <td style="text-align: right;"><u>\$ 12,689.16</u></td> </tr> <tr> <td>Accumulated Contributions</td> <td style="text-align: right;">\$ 23,253.80</td> </tr> <tr> <td>Death Benefit</td> <td style="text-align: right;">\$ 23,253.80</td> </tr> </table> <p style="margin-top: 10px;"><b>Beneficiaries:</b></p> <table style="width: 100%; margin-top: 5px;"> <tr> <td style="width: 60%;">Mary K Simpson</td> <td style="width: 20%; text-align: center;">Primary</td> <td style="width: 20%; text-align: center;">100%</td> </tr> </table> <p style="margin-top: 10px;">If you die before retirement, a death benefit will be paid to your beneficiary(ies). This section provides you with general information about your individual plan account. Any information labeled as Year-to-Date represents activity since January 1 of the current calendar year. Contributions shown here represent money that was received during the statement period shown above. Earnings are defined as the net change in your account value due to the reinvestment of dividends and/or interest as well as the change in Fund prices. Dividends paid by a Fund may cause a drop in the Fund price. This change may cause an unrealized loss in your Fund account, but it is offset by the dividend amount added to your account.

## REGULATORY INFORMATION

**Market Prices/Managed Futures Funds Prices/Fund of Hedge Funds Prices/Bond Ratings** - Prices for determining market values represent estimates obtained from multiple sources, including Piper Jaffray, its affiliates and outside vendors. We reserve the right to change prices without notice. Bid prices are the highest price that a buyer is willing to pay for a security. Offer prices are the lowest price that a seller is willing to accept. In the case of securities whose prices are more ascertainable to produce a hypothetical price based on the estimated yield spread relationship between the securities, pricing estimates do not constitute a bid for any security or futures contract. Actual prices realized at sale may be more or less than shown on your statement. Bond ratings are received from outside sources. Prices are delayed for Fund of Hedge Funds and Managed Futures Funds. We do not warrant the accuracy of the prices and production of the previous month's closing prices. While we believe our sources for market values and bond ratings to be reliable, we cannot guarantee their accuracy.

**Securities Account Protection** - Piper Jaffray is a member of Securities Investor Protection Corporation (SIPC), which protects securities clients of its members in liquidation up to \$500,000 (limited to \$100,000 on claims for cash). An explanatory brochure is available upon request. Additional securities and cash protection up to \$100 million per customer (\$500,000 of which may be in cash in addition to the \$100,000 of cash coverage provided by SIPC) and an aggregate of \$400 million is available. This amount is limited to a combined return of \$100 million to any customer from the Trustee. SIPC and

Lloyd's of London. If you have more than one account at Piper Jaffray in separate capacities (i.e., individually, jointly or as a trustee), each account is protected by SIPC and granted supplementary protection up to the client and aggregated limits outlined above. [Further SIPC information, including the SIPC Brochure, may be obtained by calling 202-371-8300 or visiting the SIPC Web site at [www.sipc.org](http://www.sipc.org).] These plans do not cover market loss.

**Other Assets Not Held At Piper Jaffray** - Assets not held are included on the statement solely as a courtesy and are not collected by SIPC Securities Investor Protection Corporation. We cannot guarantee the accuracy of and are not responsible for this information. Securities issued through or by a Direct Participation Program or Real Estate Investment Trust (e.g., partnerships, limited liability companies), are generally liquid because no public trading market exists for these securities.

Consequently, their estimated values, which are shown herein, will be different from the purchase price and may be realized upon the sale of these securities. In some cases, accurate valuation information relating to these securities is not available. For more information regarding these securities, please contact your financial advisor/registered representative.

**Loan/Margin Account Clients** - If you have a margin account, this is a combined statement of your general account and the Special Memorandum Account maintained for you under Section 220.6 of Regulation T, issued by the Board of Governors of the Federal Reserve System. As required by Regulation T, the permanent record of the separate sub-accounting is available for your inspection.

**Option Cleared** - Information on transactions and other charges related to the execution of lined options transactions has been included on confirmation confirmations previously furnished to you. This information will be made available to you promptly upon request.

**Callable Securities** - In the event of a partial call of corporate or municipal bonds or preferred stock held in bulk, by us for you and other securities clients, the securities to be called will automatically be called using a random selection procedure prescribed by the New York Stock Exchange. The probability that your securities will be selected is proportional to the amount of your holdings relative to the total holdings.

**Bunched Order Disclosure** - Unless you specifically instruct us otherwise, any order to buy or sell any security that you place with us may be aggregated with other orders in the particular security on the same side of the market to execute at a single price. The average price that you receive may be better than, equal to or worse than the price that you would have received had your order not been aggregated.

**Internalization Disclosure** - Depending on the particular security, we may internalize your order to provide the best execution. This means we may execute your order as principal, and/or pass your order with other client (either institutional or retail) or dealer orders in the same security on the opposite side of the market. Regardless of whether we internalize your order, your trade confirmation will reflect the capacity (principal or agent) in which we acted. Internalization of client order flow may provide us with certain benefits (such as additional revenue opportunities and/or cost savings) that we would not otherwise realize if we were to simply route your order to an exchange, another dealer, or another market center or market participant and execute your order as agent. We do not intend to share in 100 percent of whatever profits we generate by routing as principal with our client orders.

**Tax Report** - As required by law, at year-end we will report to you, the Internal Revenue Service, and to certain states, certain information on sales (including short sales), dividends and various types of interest that have been credited to your account. Therefore, your statement should not be used to complete your tax return.

**Piper Jaffray Statement of Financial Condition** - You may obtain a copy of our Statement of Financial Condition by visiting [piperjaffray.com](http://piperjaffray.com) or by requesting that a copy be mailed to you free-of-charge by calling toll free at 1-866-676-5180.

**Changes in Your Situation** - Please advise your financial advisor/registered representative promptly of any material change in your investment objectives or financial condition.

**Discrepancies** - If there are any inaccuracies or discrepancies in this statement, please notify your financial advisor or your branch manager in writing. Send to the address on the front of this statement.

### Bank Deposit Program™ activity

The term DEPOSIT typically refers to client initiated deposit of funds. The term AUTODEPOSIT typically refers to the "sweep" of funds into a Program Bank that results from proceeds of a transaction, a dividend from a stock or interest from a bond. If you have a Margin Account, securities purchased on margin are the firm's collateral for the loan to you. If the securities in your account decline in value, to does the value of the collateral supporting your loan. As a result, the firm can take action - such as issue a margin call and/or sell securities or other assets in any of your accounts held with the firm - in order to maintain the required level of equity in the account.

Margin involves a high degree of risk and market conditions can magnify any potential loss. It is important that you fully understand the risks involved in trading securities on margin. These risks include the following: You can lose more funds than you deposit in the margin account. The firm can force the sale of securities or other assets in your account(s). The firm can sell your securities without your consent. The firm can liquidate your securities without your consent. The firm can increase its "house" maintenance margin requirements at any time and is not required to provide you advance written notice. You are not entitled to an extension of time on a margin call.

If you have any questions or require more information, please contact your Financial Advisor.

The above section is a summary of realized gains and losses for transactions in your account as of the trade date. These figures include transactions where cost basis information is incomplete.

NFS provides cost basis and associated realized gain and loss information to customers as a courtesy service. Such information may not reflect all adjustments necessary for tax reporting purposes. Customers should verify cost basis and corresponding gain/loss information provided by NFS against their own records when calculating reportable gain or loss resulting from a sale. NFS does not report cost basis information to the IRS and is not responsible for the accuracy of cost basis and gain/loss information reported by the customer to Federal, state, and other taxing authorities.

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-single category (ACSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share identification method if NFS receives appropriate specific share instructions. However, such cost basis information may not correspond to a customer's cost basis information records if a customer used the specific share identification method prior to the time that such method tracking was made available by NFS. Cost basis, associated gain and loss, and holding period information reported may not affect all adjustments necessary for tax reporting purposes. Cost basis information for debt securities has not been adjusted for amortization or accretion.

Customers should consult with their tax advisors for further information.

## ACCOUNTING INFORMATION

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-single category (ACSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method. If NFS does not receive appropriate specific share instructions, NFS determines cost basis using the specific share identification method. If NFS receives appropriate specific share instructions, however, such cost basis information may not correspond to a customer's cost basis information reported if a customer used the specific share identification method prior to the time that such method trading was initiated. For all other securities, NFS determines cost basis using the FIFO method. Cost basis information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for each security has not been required for amortization or accretion.

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-single category (ACSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share identification method if NFS receives appropriate specific share instructions; however, such cost basis determination may not be the same as the cost basis determined by the issuer. If a customer uses the specific share identification method prior to the time that such method trading was made available by NFS, Cost Basis Method for the account and holding period information reported may not reflect an adjustment necessary for tax reporting purposes. Cost basis information for debt securities has not been adjusted for amortization or accretion.

Price credit balances, FCFs, in your taxable income. Account dividends, interest and capital gains, may earn a variable rate of taxable interest paid at the discretion of your broker/dealer and/or NPS. NPS reserves the right to change the rate of interest at any time without notice. The interest paid is determined by averaging the daily credit balances during the interest period. FCFs are not expatriated with the credit balances in your Cost Account for purposes of determining the interest rate payable in other accounts. Interest is paid on the first business day following the 30th day of each month. Interest accrued during the interest period less than \$0.01 will not be paid. FCFs are applied first against any existing cash debt balances with NPS and the remainder paid out to you.

**Hypothetical Fees & Expenses:**

--- Annual Expense Ratio is based on amounts incurred during the most recent fiscal year, as shown in the fund's audited financial statement, may have been related to reflect current service provider fees, and is not of any value, reimbursements or capex that the fund's manager has committed to the fund. Annual Expense Ratio is updated in conjunction with annual updates to the fund's prospectus. For new funds that do not yet have audited financial statements covering more than a 12-month period, Annual Expense Ratio is based on the fund's most recent audited financial statements. The hypothetical information shown above calculates the approximate fees and expenses that would be charged on the fund's hypothetical investment of \$10,000 based on a 5% return each year. Actual results may vary. The fee and expense information shown assumes that all fund assets and distributions are reinvested in the fund.

**Assumptions:**

- Annual Fees & Expenses are appropriate and based on the investor had an initial investment of \$10,000 and held shares of the fund for an entire 10-year period.
- For Class A shares, the year-end balance after fees and expenses is calculated based on the average between the beginning balance and ending balance for each year. All information is calculated on an annual compounding basis.
- For Class C shares, the year-end balance after fees and expenses is calculated based on the ending balance for each year.
- Annual Fees & Expenses are calculated based on the average between the beginning balance and ending balance for each year. All information is calculated on an annual compounding basis.
- Hypothetical Future Fees & Expenses are hypothetical and should not be used or considered as an offer to buy or a recommendation or endorsement of any security, financial instrument, or investment. Actual fees and expenses may be higher or lower than those shown. You should carefully review the fund's prospectus to consider the investment objectives, risks, expenses and charges of the fund prior to investing.

The above section is a summary of realized gains and losses for transactions in your account as of the trade date. These figures exclude transactions where cost basis information is incomplete.

NFS provides cost basis and associated realized gain and loss information to customers as a courtesy service. Such information may not reflect all adjustments necessary for tax reporting purposes. Customers should verify cost basis and corresponding gain/loss information provided by NFS against their own records when calculating reportable gain or loss resulting from a sale. NFS does not report cost basis information to the IRS and is not responsible for the accuracy of cost basis and gain/loss information reported by the customer to Fidelity, state, and other taxing authorities.

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost single category (ACSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share identification method if NFS receives appropriate specific share instructions; however, such cost basis information may not correspond to a customer's cost basis information records if a customer used the specific share identification method prior to the time that such method tracking was made available by NFS. Cost basis, associated gain and loss, and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for each security has not been adjusted for amortization or accretion.

Customers should consult with their tax advisors for further information.

NFS determines the appropriate cost basis method for allocating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-single category (ACSC) method unless otherwise specified. For closed-end funds, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share identification method if a customer used the specific share identification method prior to the reporting period. However, such cost basis information may not correspond to a customer's cost basis information recorded if a customer used the specific share identification method prior to the reporting period. NFS does not receive such cost basis information from NFS. Cost basis, unallocated gain and loss, and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for each security has not been adjusted for amortization or accretion.

NFIS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFIS determines cost basis using the average cost single category (ACSC) method unless otherwise instructed. For all other securities, NFIS determines cost basis using the first-in, first-out (FIFO) method if NFIS does not receive the appropriate specific share instructions. NFIS determines cost basis using the specific share identification method if the customer provides appropriate specific share instructions. However, such cost basis information may not be available for all securities. In such cases, NFIS will use the average cost method unless the customer provides specific share instructions. Information for debt securities has not been adjusted for amortization or accretion.

## INVESTMENT ACCOUNT STATEMENT

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-per-share category (ACSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method; NFS does not receive the specific share identification method if NFS receives appropriate specific share instructions; however, such cost basis information may be provided by the client. If cost basis information is not provided by the client, NFS will use the specific share identification method prior to the time that such method trading was made available by NFS. Cost basis, associated gain and loss, and other information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for debt securities that has not been adjusted for amortization of premium.

Free credit balances: FCBs, in your Flexible Income Account, dividends, interest and capital gains, may earn a variable rate of variable interest paid at the discretion of your broker/dealer and/or NFS. NFS reserves the right to change the rate of interest at any time without notice. The interest paid is determined by averaging the daily credit balances during the interest period. FCBs are not aggregated with free credit balances in your Core Account for purposes of determining the interest rate payable in either account. Interest is paid on the first business day following the 23rd day of each month. Interest earned during the interest period less than \$.01 will not be paid. FCBs are applied first against any existing cash debit balances with NFS and the remainder paid out to you.

### Hypothetical Fees & Expenses:

--- Annual Expense Ratio is based on amounts incurred during the most recent fiscal year, as shown in the fund's audited financial statement, may have been restated to reflect current service provider fees, and is net of any waivers, reimbursements or caps that the fund's manager has committed to the fund. Annual Expense Ratio is updated in conjunction with annual updates to the fund's prospectus. For new funds that do not yet have audited financial statements covering more than a six-month period, Annual Expense Ratio is estimated. The hypothetical information shown above calculates the approximate fees and expenses that would be charged on the initial hypothetical investment of \$10,000 based on a 5% return each year. Actual results may vary. The fee and expense information shown assumes that all dividends and distributions are reinvested in the fund.

- Annual Fees & Expenses are approximate and assume that the investor had an initial investment of \$10,000 and held shares of the fund for an entire 10-year period.
- For Class B and G shares, the expense ratios reflect fee reductions resulting from conversion to Class A and Class T shares. The "step-down" for shares held less than eight applicable month-end sales charge of the fund.
- Annual Fees & Expenses are calculated based on the average between the beginning balance and ending balance for each year. All information is calculated on an annual compounding basis.
- Hypothetical Year-End Balance After Fees & Expenses are hypothetical and should not be used or construed as an offer to buy, or a recommendation or endorsement of any specific mutual fund. Actual results may be higher or lower than those shown. You should carefully review the fund's prospectus to consider the investment objectives, risks, expenses and charges of the fund prior to investing.

The above section is a summary of realized gains and losses for transactions in your account as of the trade date. These figures exclude transactions where cost basis information is incomplete.

NFS provides cost basis and associated realized gain and loss information to customers as a courtesy service. Such information may not reflect all adjustments necessary for tax reporting purposes. Customers should verify cost basis and corresponding gain/loss information provided by NFS against their own records when calculating reportable gain or loss resulting from a sale. NFS does not report cost basis information to the IRS and is not responsible for the accuracy of cost basis and gain/loss information reported by the customer to Federal, state, and other taxing authorities.

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-per-share category (ACSC) method unless otherwise restricted. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive information from the issuer regarding the cost basis method used. If the issuer provides information regarding the cost basis method used, NFS will use that information. However, such cost basis information may not correspond to a customer's cost basis for tax reporting purposes. Customers should consult with their tax advisors for further information. The cost basis information made available by NFS. Cost basis, associated gain and loss, and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for debt securities has not been adjusted for amortization or accretion.

Customers should consult with their tax advisors for further information.

NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-share method (ACSD). For closed-end mutual funds, NFS determines cost basis using the first-in, first-out (FIFO) method if NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share method for all other securities. Please note that the cost basis information may not correspond to a customer's cost basis information recorded if a customer used the specific share identification method prior to the time that such method including was made available by NFS. Cost basis, associated gain and loss, and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. Cost basis information for debt securities has not been adjusted for amortization or accretion.

Free credit balances, FCBs, in your taxable income account, dividends, interest and capital gains, may earn a variable rate of taxable interest paid at the discretion of your broker/dealer and/or NFS. NFS reserves the right to change the rate of interest at any time without notice. The interest paid is determined by averaging the daily credit balances during the interest period. FCBs are segregated with free credit balances in your Core Account for purposes of determining the interest that is payable in either account. Interest is paid on the first business day following the 20th day of each month. Interest accrued during the interest period less than \$0.1 will not be paid. FCBs are applied first against any existing cash debit balances with NFS and the remainder paid out to you.

For new funds that do not yet have audited financial statements, costs were based on information provided by the fund's management. The hypothetical information shown above calculates the approximate fees and expenses that would be charged on the initial hypothetical investment of \$10,000, based on a 5% return per year. Actual results may vary. The fee and expense information shown assumes that all dividends and distributions are reinvested in the fund.

Annual Fees & Expenses are approximate and assume that the Investor had an initial investment of \$10,000 and held the Fund for an entire 10-year period. For Class A shares, the expense ratios reflect the reductions resulting from conversion to Class A and Class T shares, respectively, for shares held after year eight. For Class A shares, the year-end Annual Fees & Expenses / Hypothetical Year-End Balance After Fees & Expenses information shown includes the dollar amount and eld of any compounding shares. Annual Fees & Expenses are calculated based on the average between the beginning balance and ending balance for each year for each fund. All information is calculated on an annual basis. Annual Fees & Expenses are hypothetical and should not be used or construed as an offer to sell, a solicitation of an offer to buy, or a recommendation or endorsement of any particular mutual fund. Mutual fund fees & expenses fluctuate over time and actual expenses may be higher or lower than those shown. You should carefully review the fund's prospectus to understand the investment objectives, risks, charges, and expenses of the fund prior to investing.

 NPS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NPS determines cost basis using the average cost-single category (ASCSC) method unless otherwise instructed. For all other securities, NPS determines cost basis using the first-in, first-out (FIFO) method if NPS does not receive appropriate specific share instructions. NPS determines cost basis using the specific share identification method if NPS receives appropriate specific share instructions; however, such cost basis identification method may not correspond to a customer's cost basis information records if a customer used the specific share identification method prior to the time that such method tracking was made available by NPS. Cost basis information for gain and loss and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. NFS determines the appropriate cost basis method for calculating gain and loss based on positions held at the time of sale. For open-end mutual funds, NFS determines cost basis using the average cost-single category (ASCSC) method unless otherwise instructed. For all other securities, NFS determines cost basis using the first-in, first-out (FIFO) method. NFS does not receive appropriate specific share instructions. NFS determines cost basis using the specific share identification method if NFS receives appropriate specific share instructions; however, such cost basis information may not correspond to a customer's cost basis information records if a customer used the specific share identification method prior to the time that such method trading was made available by NFS. Cost basis, associated gain and loss, and holding period information reported may not reflect all adjustments necessary for tax reporting purposes. Free credit balances (FCBs). In your taxable income account, dividends, interest and capital gains may earn a variable rate of taxable interest per \$1 of the balance of your fund account and/or NPS. NPS reserves the right to change the rate of interest at any time without notice. The interest paid is determined by averaging the daily credit balances during the interest period. FCBs are not applicable to free credit balances in your Core Account for purposes of determining the interest rate payable in either account. Interest is paid on the last business day following the 20th day of each month. Interest accrued during the interest period less than \$0.01 will not be paid. FCBs are applied first against any existing cash credit balances with NPS and the remainder paid out to you.

Do not report a transaction between you, your spouse, or your dependent child, or the purchase or sale of your personal residence, unless it is rented out. |    |    | Type     |       | Date | Amount of Transaction |   |   |   |   |   |   |   |   |   |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
